

A black and white photograph of a snowy mountain range. The upper half shows jagged, snow-dusted peaks under a cloudy sky. The lower half shows a line of hikers with backpacks and poles traversing a snowy, rocky slope. The word "ITINERARIES" is centered in the middle of the image.

# ITINERARIES

# THE DIFFERENCE

## TAILORED - MOST POPULAR

For corporates, agents and private groups. We go through a process to determine your best experience and tailor each group accordingly. Ask us about all the different experiences we can host on the mountain - you'll be amazed!

## LUXURY

An authentic and exclusive TMB experience with access to the best 5 star accommodation and mountain huts. You'll experience Michelin star mountain dining and have access to bespoke local experiences others don't.

## CLASSIC

A mixture of clean and boutique family run refuges (mountain huts) and mid level hotels. Dining is often communal with other hikers and set mealtimes. You still get your own room and bathroom (except one night).
